**Herbalife Supports Soccer Player Mateo Poljak  
As Official Nutrition Partner**

**Sydney, Australia, 1 December 2015** — Herbalife (NYSE: HLF) has announced it is the official Nutrition Partner of Mateo Poljak. The partnership is significant for Herbalife, as Mateo's long standing relationship with Herbalife products spans across his soccer career.

"I started using Herbalife Nutrition over a decade ago when my best friend introduced me to the product range. I truly believe that Herbalife has not only contributed to my success and performance as a footballer, but also aided me to become the overall healthy and fit individual I am today," says Mateo.

Mateo began playing soccer for Croatian team Lokomotiva in 2008. After a 4 year contract, he travelled to Australia where he was offered a position at Herbalife sponsored Western Sydney Wanderers. Mateo then went onto helping the team break records in season 2012/2013, with a 10 game winning streak, going on to win the A-League Premiers Plate and securing the 2014 AFC. Mateo has now signed to Newcastle Jets for the 2015/16 A-League season.

The sponsorship will see Herbalife support Mateo's performance through nutrition, and host programs and activities in conjunction with the sporting star.

"I'm so thankful, proud and excited to be part of a brand that I'm extremely passionate about," adds Mateo.

"We are pleased to be supporting Mateo with optimum nutrition that can help him live a healthy and balanced lifestyle, on and off the field. Herbalife products are developed for the benefit of both professional athletes and those who choose to lead an active life in any way. We are proud to be in partnership with Mateo and wish him all the best for the rest of the A-League season and beyond," says Rod Taylor, General Manager, Herbalife Australia and New Zealand.

Mateo is among over 190 athletes, teams and sporting events that Herbalife sponsors around the world, reflecting their commitment to a healthy, active life supported by good nutrition. Many of Herbalife's sponsored athletes, including Western Sydney Wanderers FC, consume Herbalife products before, during and after training and games, for a range of benefits that can support athletic performance, including healthy meal replacement, support for endurance exercise, increased energy, hydration and support for muscle recovery. With a range of protein-based and hydration products, Herbalife is well-positioned to play a significant role in providing credible sports nutrition solutions across Australia and globally.
